📅 2019 – 2021   📍 Nashik

- persentage: 79.94

PROJECTS

Online old and new book buying and selling system | ⚡

📅 09 2022 – 11 2022

- In this project, we develop Online Book Buying and Selling Portal in Java. This project is like an e- bookstore website where books can be bought from the comfort of home through the Internet.

House Rental Management System | ⚡

📅 07 2022 – 09 2021

- The house Rent Management System project is really made for the tenant's and the property owner. The owner of the property can rent or sell his property to the tenant. In this project we show property (house) to persons who need property to rent or buy .
